## REJECTS DEMANDS OF UNION LEADERS

SAN FRANCISCO, Sept. 1.—The Southern Pacific company, through Julius Kruttschnitt, vice president and director of maintenance and operation of the Harriman lines, absolutely rejected the demand for recognition of the Federation of Shop Employees, comprising five shop craft unions and 25,000 men. That such recognition, with its implications, would hamper the company in performing its duty to the public, was the position taken by its officials. Union leaders asked for it on the grounds of economy and expedition and admittedly because of a feeling that greater centralization of capital and power made corresponding centralization among various unions desirable. The unions involved had asked their general officers for permission to strike in the event of the refusal to grant recognition of the federation.

A conference lasting three hours and twenty minutes was terminated by Mr. Kruttschnitt's final answer and following it, the union representatives, sober-faced, went in session by themselves, to consider the strike vote, which they may accept as binding or may reject, refusing to sanction a strike.

Personnel of Conference  
Those who conferred today were, for the railroad: Julius Kruttschnitt; E. B. Calvin, vice president and general manager of the Southern Pacific; W. R. Scott, assistant general manager; H. J. Small, superintendent of motive power; R. R. Cleary, assistant to the general manager, and F. G. Athern, chief of the bureau of economics.

For the unions appeared: J. W. Kline, international president of the Blacksmiths' union and spokesman for his colleagues; M. P. Ryan, general president of the Brotherhood of Railroad Carmen; J. A. Franklin, international president of the Boilermakers' union; J. C. Buckalew, vice president of the international association of machinists, and J. D. Crane, vice president of the local sheet metal workers union, who represented his craft in the absence of President Michael O'Sullivan of the international union.

## DIVORCES IN DISTRICT COURT

Lydia Ann Chaney is asking the district court to divorce her from David Chaney on the grounds of cruelty and failure to provide. She asks for divorce, \$50 attorney fees, costs of suit, \$10 a month alimony and her maiden name, Lydia Ann Brimhall.

## FLOATING COURT IS A SUCCESS

Valdez, Alaska, Sept. 2.—Judge Lyons and his floating court returned to Valdez last night on the revenue cutter "Thetis," concluding an "eight-weeks' tour" to the westward. Two grand juries were convened, one at Unalakleet and the other at Nushagak, Driscoll bay. Most of the work done by the court was bearing criminal cases.

Nineteen convictions were had, including a Japanese who was given a life sentence for the murder of a countryman. Another Japanese was sentenced to ten years imprisonment for manslaughter and four were found guilty of sealing in American waters. A negro was given a six-year sentence for arson and six persons were adjudged insane.

The floating court, which was instituted last year, makes one trip a year to the remote points in southwestern Alaska, clearing up the legal business that has accumulated during the year. Last year the government saved \$8,000 by sending the court on the tour and this year a much larger amount was saved in addition to the saving to the government in mileage for witnesses, this mode of administering justice has proved of great benefit to witnesses and other litigants who otherwise would lose many weeks making the long journey to the seat of the court.

## KING RETURNED MAN'S PICTURE

Chicago, Sept. 2.—Bennie Numerofsky, 12 years old, has taken on added importance in the eyes of his friends at the Mark Nathan Jewish orphan home because of his possession of a letter written at the direction of King George of England.

Were it not for the fact that his name does not appear in the king's list of personal friends, the sketch which Bennie made especially for the king might now be hanging among other pictures in Buckingham palace. Early in August, it occurred to Bennie that the king might accept one of his pictures, and, with a photograph of the king as his study, he made a fine reproduction. This he mailed to Buckingham palace. The following reply has been received:

"The private secretary for his letter of the third instant, and for the drawing sent under separate cover, but to return the same, as it is contrary to rule for his majesty to accept presents from those with whom he is personally acquainted. The drawing is herewith returned under separate cover."

## YOUNGSTER STOLE A WHEEL

James Harris, who stole a bicycle belonging to Charles Stewart of Wilson Lane and attempted to sell the machine in Salt Lake City, was found guilty of petit larceny in Police court this morning and sentenced to pay a fine of \$50 or spend a corresponding number of days in the city prison. Harris is only nineteen years of age and admitted having stolen the wheel.

John Doe, James Berger, Joseph Moore, Frank Boyer and William Rogers celebrated circus day with elaborate drinks and were assessed \$5 or five days. One of the prisoners, in explaining his condition stated that he was prejudiced against circus lemonade and yet had suffered from an uncontrollable thirst. He admitted, however, that he would probably have been cheaper had he indulged in the usual circus beverage and attended the circus in a truly rural manner.

Margie Messenger was likewise arraigned on a charge of drunkenness and fined \$5 or five days by the court. Tom Cole, John Malley, James Cameron and William Jacobs were fined \$10 each on charges of vagrancy. Leroy Rott, arrested as a vagrant and found to be carrying a loaded revolver, was arraigned but was placed under a bond of \$15. ## STRANGER IS STRUCK IN THE FACE

Being refused twenty-five cents when he begged it of a stranger, Turzine Thompson followed the man into the Fairstaff Cafe and struck him in the face with his clenched fist. The man grabbed a cracker, howled and hurled it at Thompson, striking him on the arm. No harm was done to either party, but Thompson was arrested by Deputy Sheriff Ludwig and landed in the county jail.

The name of the stranger was not learned at the cafe, but Thompson is a well-known character of this city; he, however, not having lived here recently.

## AT SCHOOL DEAF AND BLIND

At the board meeting of trustees of the state school for the Deaf and Blind, Friday afternoon, Superintendent Frank M. Driggs stated that there will be at least twenty additional students in the school this year, some of the new state of Arizona. He also reported that the school buildings are in splendid condition for the opening, Wednesday, September 6.

Another report of interest was that recently 6,000 quarts of bottled fresh fruit had been put up from the products of the orchard for the use of the students during the winter months.

## NO SALE OF OIL STOCKS IN N. Y.

NEW YORK, Sept. 1.—For the first time in many years, it was almost impossible to buy or sell Standard Oil stock today in the New York market. No one had any idea what this stock, which yesterday sold at 634 a share, was worth. Standard Oil of New Jersey passed out of existence as a trust stock yesterday, in accordance with the recent supreme court decision. An attempt was made to trade in the old shares attaching to the certificate agreements whereby the seller assigned all rights in subsidiary shares to the buyer. On this basis stock was quoted at about yesterday's figures but no business was done early in the day.

## TRADE REVIEW.

NEW YORK, Sept. 1.—Bradstreet's tomorrow will say:

Numerous visiting buyers continue to be in evidence in the country's leading markets, thus making for more or less activity in public trade but notwithstanding, crop reports tend to display a great degree of irregularity. The situation as a whole is characterized by a marked degree of conservatism which finds explanation in small lot purchases, but prompt shipments are desired. Retail trade is still in good condition especial notice of improvement being in textile goods. Retrenchments also are being enforced by the railroads.

Price cutting is marked in the iron and steel trade and new business not of an encouraging volume. Collections are slow.

Business failures in the United States for the week ending August 31, were 164 against 198 last week 173 in the like week of 1910 166 in 1909 210 in 1908 and 130 in 1907.

Business failures in Canada for the week numbered 30, which contrasts with 39 for last week and 25 in the like week of 1910.

## Dun's Review

NEW YORK, Sept. 1.—R. G. Dun's & Co. weekly review of trade will say: A better tone is noted in general trade, not alone at New York City, but at most jobbing centers of the west and south.

New construction work is being pushed with vigor as indicated by the heavy booking in structural steel. This is by far the most active of the finished departments of iron and steel and if present demand is maintained, the volume of business during the current year is expected to surpass even the high record of 1906.

Railroad buying, however, suggests that expenditures are still being limited, although recent contracts are reported pending, with a considerable tonnage in view for export.

Trade in footwear is of fair proportions. Further strength has developed in domestic hides and especially in the packer market with sales 1-4 to 1-2 cents above the active point of a fortnight ago. Foreign hides are mostly unchanged. Leather is in steady demand but in most kinds sales are only of moderate quantities.

Baby Gird—The stock arrived at 6 o'clock this morning and left a fine baby girl at the home of Mr. and Mrs. Lorenzo Farley, Jr.

McDonald said he had taken the offer under advisement, but would do nothing until after the McFarland-Wolgast bout in Milwaukee. Then he would begin negotiations looking to putting Wells in the ring at London or in some western city in this country, where it would be staged by Tex Rickard. It is understood that Rickard stands ready to outbid any offer from across the water.

## GEN. GRIERSON DEAD
